“The colours of the physical products might vary from the tones showed in your screen”

**“Colour is a power which directly influences the soul”**

- W. Kandinsky

**Colours speak their own language beyond words.** A universal language that stirs emotions and provokes feelings.

**The New RS Barcelona Colour Chart** expresses timelessness and harmony. Conveys sophistication and refinement. Inspires with purity and sensuality. Enhances their presence subtly. Captivates without words and highlights the design of our pieces.

The textured finish on our metal pieces adds intensity and consistency to the colour, as well as solidity and resistance to possible scratches and knocks resulting from intense use.

*The colours of the physical products might vary from the tones showed in your screen.*
